THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

Purpose of this Notice: COMMUNITY AMBULANCE is required by law to maintain the privacy of certain confidential health care information, known as Protected Health Information or PHI, and to provide you with a notice of our legal duties and privacy practices with respect to your PHI. This Notice describes your legal rights, advises you of our privacy practices, and lets you know how COMMUNITY AMBULANCE is permitted to use and disclose PHI about you. COMMUNITY AMBULANCE is also required to abide by the terms of the version of this Notice currently in effect. In most situations we may use this information as described in this Notice without your permission, but there are some situations where we may use it only after we obtain your written authorization, if we are required by law to do so.

Uses and Disclosures of PHI: COMMUNITY AMBULANCE may use PHI for the purpose of treatment, payment, and health care operations, in most cases without your written permission. Examples of our use of your PHI are as follows:

For Treatment. This includes such things as verbal and written information that we obtain about you and use pertaining to your medical condition and treatment provided to you by us and other medical personnel (including doctors and nurses who give orders to allow us to provide treatment to you). It also includes information we give to other health care personnel to whom we transfer your care and treatment, and includes transfer of PHI via radio or telephone to the hospital or dispatch center as well as providing the hospital with a copy of the written record we create in the course of providing you with treatment and transport.

For Payment. This includes any activities we must undertake in order to get reimbursed for the services we provide to you, including such things as organizing your PHI and submitting bills to insurance companies (either directly or through a third party billing company), management of billed claims for services rendered, medical necessity determinations and reviews, utilization review, and collection of outstanding accounts.

For Health Care Operations. This includes quality assurance activities, licensing, and training programs to ensure that our personnel meet our standards for care and follow established policies and procedures, obtaining legal and financial services, conducting business planning, processing grievances and complaints, creating reports that do not individually identify you for data collection purposes, and certain marketing activities.

For Fundraising. We may use or disclose your demographic information in order to contact you for our fundraising activities. We may also share this information with another organization that may contact you to raise money on our behalf. You have the right to opt out of receiving such fundraising communications from COMMUNITY

AMBULANCE. If you do not want to receive these materials, notify our Compliance Officer listed at the end of this Notice and we will stop any further fundraising communications. Similarly, you should notify the Compliance Officer if you decide you want to start receiving these solicitations again.

Use and Disclosure of PHI Without Your Authorization: COMMUNITY AMBULANCE is permitted to use PHI *without* your written authorization, or opportunity to object in certain situations, including:

- For COMMUNITY AMBULANCE'S use in treating you or in obtaining payment for services provided to you or in other health care operations;
- For the treatment activities of another health care provider;
- To another health care provider or entity that receives the information (such as your hospital or insurance company);
- To another health care provider (such as the hospital to which you are transported) for the health care operations activities of the entity that receives the information as long as the entity receiving the information has or has had a relationship with you and the PHI pertains to that relationship;
- For health care fraud and abuse detection or for activities related to compliance with the law;
- To a family member, other relative, or close personal friend or other individual involved in your care if we obtain your verbal agreement to do so or if we give an opportunity to object to such a disclosure and you do not raise an objection. We may also disclose health information to your family, relatives or friends if we infer from the circumstances that you would not object. For example, we may assume you agree to disclose your personal health information to your spouse when your spouse has called the ambulance for you. In situations where you are not capable of objecting (because you are not present or due to your incapacity or medical emergency), we may in our professional judgment, determine that a disclosure to your family member, relative, or friend is in your best interest. In that situation, we will disclose only health information relevant to that person's involvement in your care. For example, we may inform the person who accompanied you in the ambulance that you have certain symptoms and we may give that person an update on your vital signs and treatment that is being administered by our ambulance crew;
- To a public health authority in certain situations—such as reporting a birth, death or disease as required by law, as part of a public health investigation, to report child or adult abuse or neglect or domestic violence, to report adverse events such as product defects, or to notify a person about exposure to a possible communicable disease as required by law;
- For health oversight activities including audits or government investigations, inspections, disciplinary proceedings, and other administrative or judicial actions undertaken by the government (or their contractors) by law to oversee the health care system;
- For judicial and administrative proceedings as required by a court or administrative order, or, in some cases, in response to a subpoena or other legal process;
- For law enforcement activities in limited situations such as when there is a warrant for the request, or when the information is needed to locate a suspect or stop a crime;
- For military, national defense and security and other special government functions;
- To avert a serious threat to the health and safety of a person or the public at large;
- For workers' compensation purposes, and in compliance with workers' compensation laws;
- To coroners, medical examiners, and funeral directors for identifying a deceased person, determining cause of death, or carrying on their duties as authorized by law;
- If you are an organ donor, we may release health information to organizations that handle organ procurement or organ, eye or tissue transplantation or to an organ donation bank, as necessary to facilitate organ donation and transplantation;
- For research projects, but this will be subject to strict oversight and approvals and health information will be released only when there is a minimal risk to your privacy and adequate safeguards are in place in accordance with the law; and
- We may disclose health information about you in a way that does not personally identify you or reveal who you are.

Any other use or disclosure of PHI, other than those listed above will only be made with your written authorization (the authorization must identify the information we seek to use or disclose, as well as when and how we seek to use or disclose it). Specifically, we must obtain your written authorization before using or disclosing your (a) psychotherapy notes, other than for the purpose of carrying out our

own treatment, payment or healthcare operation purposes, (b) PHI for marketing when we receive payment to make a marketing communication; or (c) PHI when engaging in a sale of your PHI. **You may revoke your authorization at any time, in writing, except to the extent that we have already used or disclosed medical information in reliance on that authorization.**

Patient Rights: As a patient, you have a number of rights with respect to the protection of your PHI, including:

The right to access, copy or inspect your PHI. This means that you may come to our offices and inspect a copy most of the medical information about you that we maintain. We will normally provide you with access to this information within 30 days of your request. We may also charge you a reasonable fee for you to copy and medical information that you have the right to access. In limited circumstances, we may deny you access to your medical information, and you may appeal certain types of denials. We have available forms to request access to your PHI and we will provide a written response if we deny you access and let you know your appeal rights. If you wish to inspect and copy your medical information, you should contact the Compliance Officer listed at the end of the Notice.

The right to amend your PHI. You have the right to ask us to amend written medical information that we may have about you. We will generally amend your information within 60 days of your request and will notify you when we have amended the information. We are permitted by law to deny your request to amend your medical information only in certain circumstances, like when we believe the information you have asked us to amend is correct. If you wish to request that we amend the medical information that we have about you, you should contact the Compliance Officer listed at the end of this Notice.

The right to request an accounting of our use and disclosure of your PHI. You may request an accounting from us of certain disclosures of your medical information that we have made in the last six years prior to the date of your request. We are not required to give to an accounting of information we have used or disclosed for purposes of treatment, payment or health care operations, or when we share your health information with our business associates, like our billing company or a medical facility from/to which we have transported you. We are also not required to give you an accounting of our uses of protected health information for which you have already given us written authorization. If you wish to request an accounting of the medical information about you that we have used or disclosed that is not exempted from the accounting requirement, you should contact the Compliance Officer listed at the end of this Notice.

The right to request that we restrict the uses and disclosures of your PHI. You have the right to request that we restrict how we use and disclose your medical information that we have about you for treatment, payment or health care operations, or to restrict the information that is provided to family, friends and other individuals involved in your health care. But if you request a restriction and the information you asked us to restrict is needed to provide you with emergency treatment, then we may use the PHI or disclose the PHI to a health care provider to provide you with emergency treatment.

COMMUNITY AMBULANCE is not required to agree to any restrictions you request, but any restrictions agreed to by COMMUNITY AMBULANCE are binding on COMMUNITY AMBULANCE.

Right to Breach Notification. In the case of a breach of unsecured protected health information, we will notify you by first-class mail to the most recent address that we have on file. If you have provided us with a current e-mail address, we may use e-mail to communicate information related to the breach. In some circumstances our business associate may provide the notification.

Right to Request Special Privacy Protections. You have the right to request restrictions on certain uses and disclosures of your health information by a written request specifying what information you want to limit, and what limitations on our use or disclosure of that information you wish to have imposed. If you request, we will not disclose information to your commercial health plan concerning health care items or services for which you paid for in full out-of-pocket unless we must disclose the information for treatment or legal reasons. We reserve the right to accept or reject any other request, and will notify you of our decision.

Internet, Electronic Mail, and the right to obtain a copy of this paper notice on request. If we maintain a web site, we will prominently post a copy of this Notice on our web site and make the Notice available electronically through the web site. If you allow us, we will forward you this Notice by electronic mail instead of on paper and you may always request a paper copy of the Notice.
